BOOK SYNOPSIS

E-Squared, the international hit sensation described by one reader as “The Secret on crack,” provided the training wheels, the baby steps, to “really getting it” that thoughts create reality. In E-Cubed (don’t worry—there will never be E to the 27th Power), Pam Grout takes you higher and deeper into the quantum field, where you’ll prove that blessings and miracles are natural and that joy is only a thought away. With nine new experiments and more tips on how to keep the gates of the world’s largesse and abundance wide-open, this book is chock-full of incontrovertible evidence that the universe is just waiting for us to catch up, just waiting for us to begin using the energy that has always been available for our enjoyment and well-being.
