## **BOOK SYNOPSIS**

The first garlic book written specifically for organic gardeners and small-scale farmers, *Growing Great Garlic* is the definitive growers guide written by a small scale farmer who makes his living growing over 200 strains of garlic. Commercial growers will want to consult this book regularly. The author tells us: • which strains to plant • when to fertilize • when to plant • when to prune flower stalks • how to plant • when to harvest. Plus, how to store, market, and process the crop.
