BOOK SYNOPSIS

The Original Grands Crus of Burgundy is a translation from works describing the vineyards of the Cote d'Or written prior to the establishment of today's system of Appellation d'Origine Contrôlée in 1936 and a discussion of how they compare to the modern system. For centuries, a number of authors ranging from learned amateurs to experienced professionals weighed in with their thoughts, including Claude Arnoux, *Dissertation sur la situation de la Bourgogne, sur les vins quelle produit* (1728); Claude Courtepee and Edme Beguillet, *Description historique et topographique du Duché de Bourgogne* (1778); Andre Jullien, *Topographie de Tous les Vignobles Connus* (1816); Dr. Denis Morelot, *Statistique de la Vigne dans le Département de la Cote d'Or* (1831) ; Dr. Jules Lavalle, *Histoire et Statistique et des Grands Vins de la Cote d'Or* (1855) ; Rene Danguy and Charles Aubertin, *Les Grands Vins de Bourgogne* (1892) ; and Camille Rodier, *Le Vin de Bourgogne* (1920). More than a dusty history lesson, The Original Grands Crus of Burgundy provides a roadmap for the discovery of forgotten gems, hidden in plain sight. Crucial reading for all who love Burgundy.
